PROFILE

AI video and content professional with over five years of freelance experience creating cinematic AI videos, CGI-style product advertisements, thumbnails and social media content for creators, brands and businesses. I manage the full creative process on my own, from idea and storyboard to AI generation, editing and final delivery, and I also build websites and AI-assisted workflows. Fluent in English and Urdu, available for full-time, part-time, freelance and remote work worldwide.

EXPERIENCE

AI Video & CGI Ad Producer · Amjad Digital Studio (Freelance)

Remote, international clients — 2023 – Present

- Produce AI cinematic videos, short films, trailers and product advertisements using tools such as Veo, Runway, Kling AI and Midjourney.
- Plan every project end to end: brief, prompt engineering, scene-by-scene storyboards, character and location design, editing and delivery.
- Create ad concepts for fashion, beauty, food and beverage and e-commerce products, in English, Urdu and German.

YouTube & Social Media Content Manager · Freelance

Channels and pages for clients and own brands — 2020 – Present

- Run YouTube channels and Facebook pages: video production, editing, titles, thumbnails, Shorts and Reels.
- Produce history, educational, animation-story and short-form series, including a German-language channel (DeutschlandRaetsel).
- Design click-focused thumbnail and title packages, and manage content calendars for consistent posting.

Storyboard & Production Designer · Freelance

AI film and ad projects — 2023 – Present

- Design storyboards with shot lists, camera notes, sound design and character sheets for AI-generated films and ads.
- Translate client briefs into visual production plans and keep characters and style consistent across scenes.

Graphic Designer & Brand Visual Creator · Self-employed

Local and international clients — 2018 – 2020

- Designed logos, social media graphics, posters, thumbnails and promotional materials in Photoshop and Canva.

SELECTED WORK

- Video ad collection (beauty, fashion, beverage), short film and podcast-style videos, available at the portfolio link.
- History, educational and animation-story videos on YouTube: @DeutschlandRaetsel and @onestopped.
- Thumbnail, storyboard, character-sheet, poster and ad design gallery on the portfolio website.
- Facebook page: Nightfire Gallery (facebook.com/nightfiregallery).

EDUCATION

BSc, Engineering · Shah Abdul Latif University, Khairpur · 2016 – 2019
Self-taught and continuously learning: AI video production, prompt engineering, CGI and graphic design.
